OF THE CLASS OF NINETEEN TWENTY-FOUR
OHIO NORTHERN UNIVERSITY

To
Henry M. Whitworth
Late Dean of the College of Liberal Arts
this book is respectfully inscribed
by the
Class of 1924
He left his impress not in books or things
but in
the hearts of thousands
who drank of the cup of knowledge
at his willing hands
To him, to live
was to serve

FOREWORD

N the olden days Norsemen left records of their achievements by imprints on stones. Today, by modern methods, we have endeavored to record for you in this Fourteenth volume of *The Northern* a complete narration of the activities of the students for the year nineteen hundred twenty-four. ¶ Our purpose and its fulfilment are designed for the satisfaction of those whose story we tell.

Historical Sketch

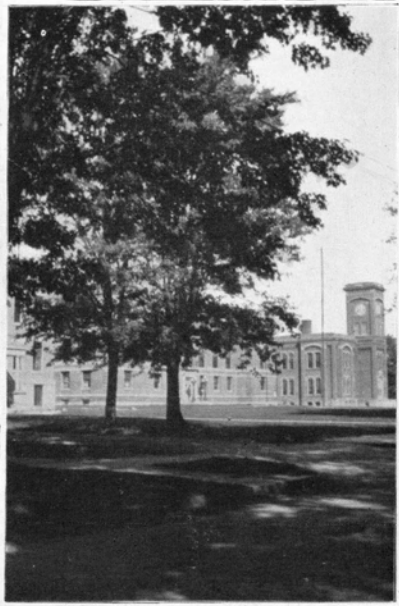

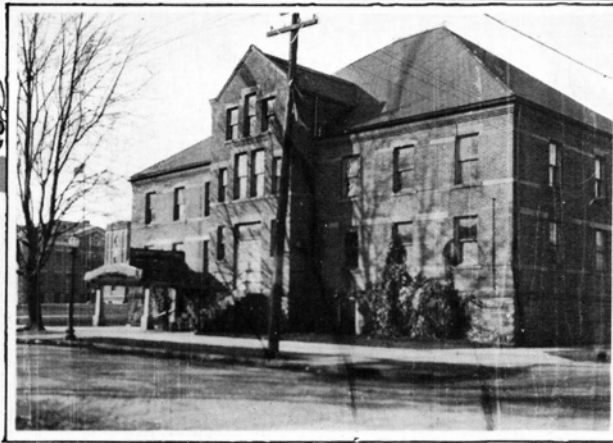

The Ohio Northern University had its origin as a select school April 9, 1866, when Henry Solomon Lehr became its only instructor of fifty-six students. The select school lasted five years, till the fall of 1871.

The name was then changed to Northwestern Ohio Normal School, the first term beginning August 14, 1871. During the years of a select school there was only one Literary Society, organized in 1866. August 18, 1871, the Franklin and Philomathean Literary Societies were organized. Besides the regular normal mid college work, penmanship, bookkeeping, Science of government, and Parliamentary Law—not found in the old college—and surveying were offered at this time. In the second year of the Normal School English was added to the course. In the third year there were ten teachers and three Literary Courses: Normal, Scientific, and Classical. In the fourth catalogue is found a new department, Telegraphy. In the school year 1876-7 the Normal School, then located at Fostoria, Ohio, was bought by and incorporated in, the Normal at Ada. In this ninth year 1879-80, there was added a "Fine Arts" department. In the tenth year are found the new departments of Stenography, Mechanical Engineering, Architectural Drawing, and Elocution. The increase in Enrollment over the previous year had been 45 per cent, the result of increased facilities; a new building until a few years ago known as the administration building, had been completed. In the school year 1883-4 was started the course in Civil Engineering and Architecture. The number of teachers was twenty-six. In 1884-5 the Military department was begun; three companies were announced. Wonderful strides were made during the school year of 1884-5.

The United States Government recognized the institution and appointed Lieut. Roberts as commandant. This year also were organized the College of Law and one year's course in Medicine. J. Ross Lee, an Ann Arbor graduate, was the first Dean in the College of Law, and Dr. J. H. Coleman had charge of the College of Medicine. The department of Medicine continued but two years, as the facilities were inadequate. This year the name of the school was changed to Ohio Normal University. In the catalogue for 1886-7 was found the announcement of the College of Pharmacy. Charles Ashbrook was the Dean.

In September, 1898, the Central Ohio Conference of the Methodist Episcopal Church contracted to buy the university, but the sale was not completed till in August, 1899.

Lastly, in 1904, the name of the school was changed to Ohio Northern University.

Fair Northern

We come to thee, Oh Fairest Northern,
Our hearts we'll pledge to thee always,
From out the rudest clay you'll fashion
And shape our lives through passing days;
And when life its toll has taken
And has decked our hair with gray,
Then fond memories awaken
And cheer us on our way.

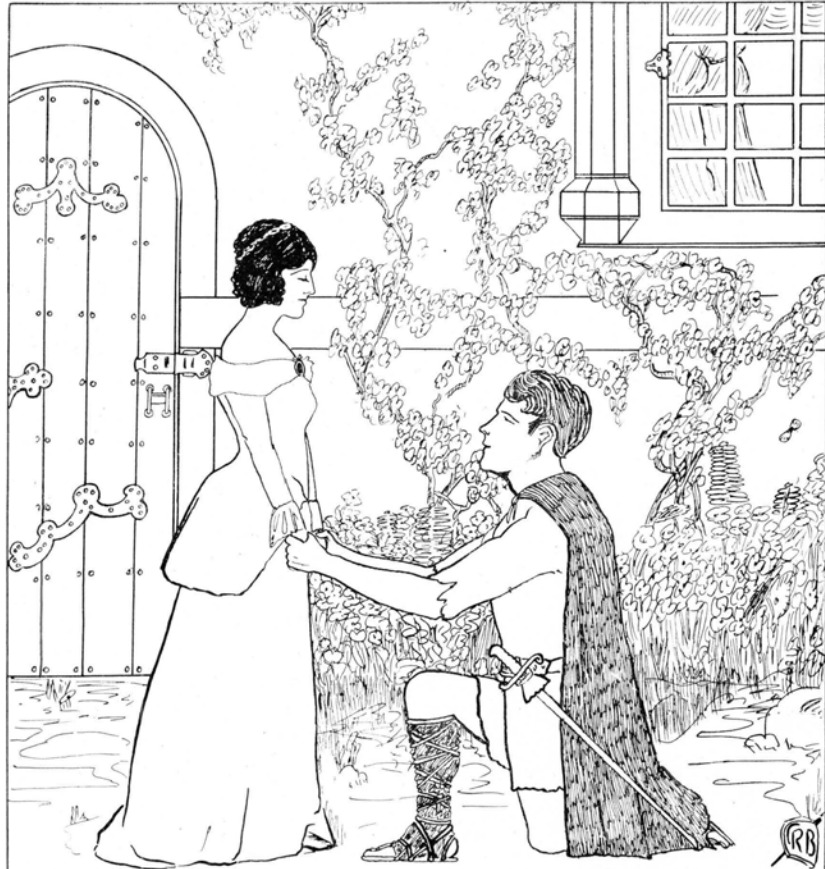

It matters not what task be yours,
Our hearts and hopes shall be with thee,
Then we will honor thee Fair Northern
Through life until eternity ;
And shall always stand defender,
Though the skies be dark and gray,
We shall work for Fair Old Northern
Each day along life's way.

CHORUS :

To thee our Alma Mater we raise our voice in song,
The Orange and Black forever shall guide our way along;
So like a light-house beck'ning, your rays point the way,
Your voice seems always saying, do well your task each day,
Then here's to dear old Northern, A toast to our college true,
May success be yours forever, my Fairest O. N. U.

Director and Head Coach of Athletics

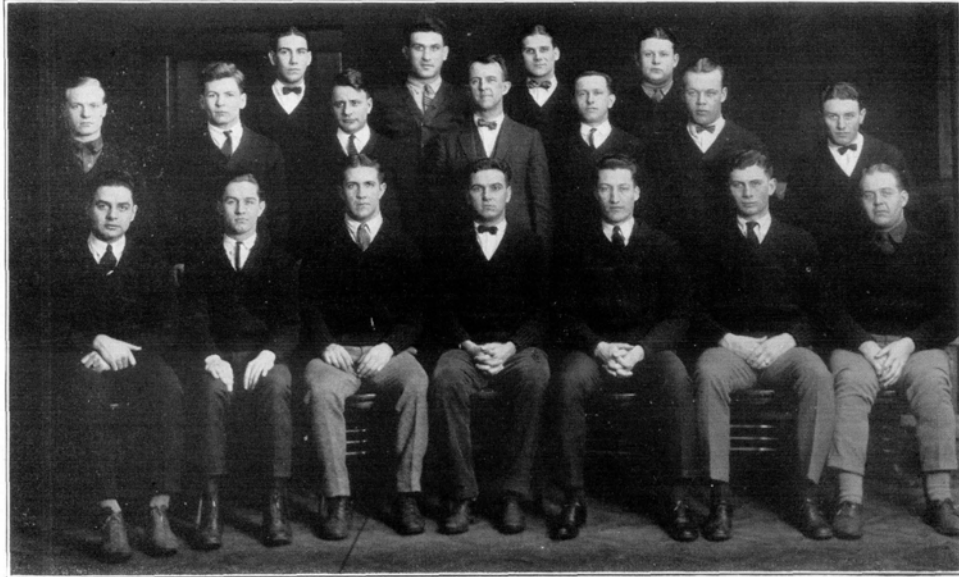

Dr. J. O. Newton

Dr. John Otto Newton, Head Coach of football, basketball and baseball, became Director of Physical Education in 1921, and since then has changed the policy of this department, especially from the standpoint of the individual student and of intramural athletics, for the betterment of the Institution.

Dr. Newton came to us from Heidelberg University, where he attained an enviable reputation as a football coach, his teams finishing in first division each year. Since coming to Northern he has built the Physical Education Department upon a firm foundation. His organizing abilities gave to Northern a new athletic field and a remodeled gymnasium. With a new gymnasium in view, he is betiding his energies toward a modern and up-to-date athletic plant, second to none in the State.

GATEWAY TO ATHLETIC FIELD

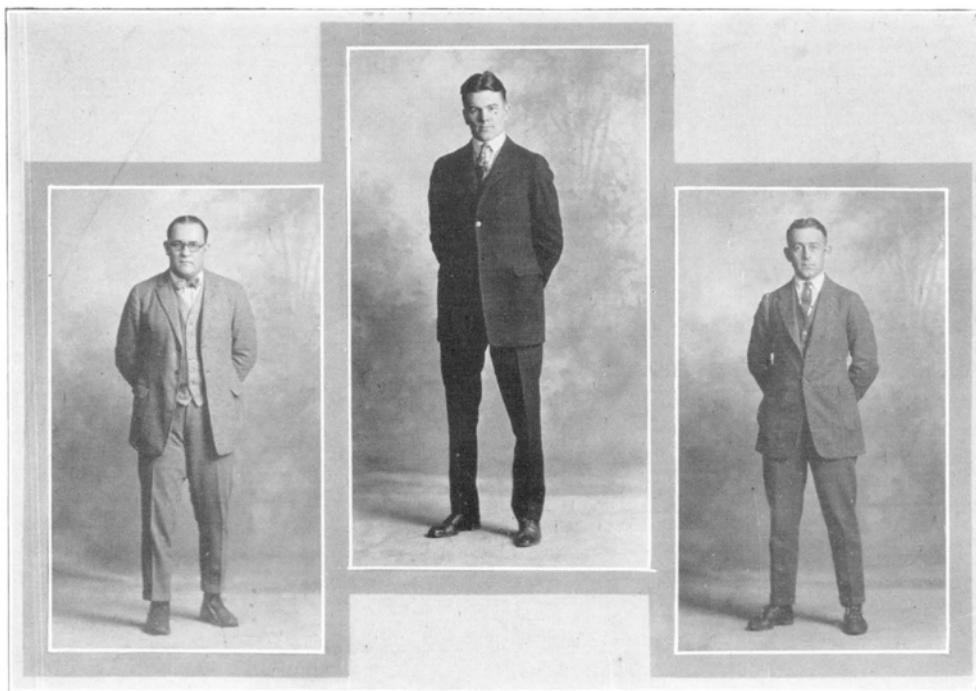

Athletic Ideals

Much criticism has been heaped upon college activities in recent years. Particularly, is this true of college athletics, in both sportsmanship and finance. No doubt, a mountain is made of a mole-hill and, yet it is a thing that should be given careful attention. It is gratifying to note the manner in which the Universities have been reacting upon this criticism. The problem is more complicated because of the fact that the general public is necessarily involved.

The purpose of any athletic program in the University should be to build up the moral and mental as well as the physical man, the kind of athletics that teach fair judgment as well as hard play, not to win for the glory of victory but that we have fought a good fight.

All students cannot participate in the inter-collegiate sports, hence it is necessary to arrange the program that all may participate for the personal benefit that is to be derived as well as to learn to appreciate the sport. Gymnastic training with its varied program, along with intra-mural sports will make it possible, for all able-bodied students to participate and receive the best results.

No small amount of help can be given by the student body itself, with that of the faculty. Co-operation is needed to carry out the ideals in any athletic sport. We must remember the athlete is in the midst of a struggle, and proper spirit will cause him to do his best in a way that will reflect honor upon himself as well as the University. Ideals are easily formulated, but it is a different problem to carry these out. Co-operation and good will are primarily essentials to a successful consummation.

Our Coaches

ALFRED MIER

Assistant Football Coach

Mier took charge of the Polar Bear line and welded it into a fighting, ripping, tearing machine. He was one of Newton's stalwart linesmen at Heidelberg. With this erstwhile protege back next year, Dr. Newton should develop one of the greatest lines in the State.

CLAUDE SHEARER

Varsity Track Coach

Shearer, while at Dennison University, was a star track man and gymnast. His successful coaching at Bucyrus High School proved him a man capable to take charge of the Polar Bear track team. He is also Assistant Instructor of Physical Education, and last Fall assisted Dr. Newton and Coach Mier with the football team.

VON SPELLMAN

Coach of Freshman Athletics

To Spellman was entrusted the responsibility of teaching the Frosh the rudiments of the Northern system in football, basketball and baseball. No better proof of his ability can be cited than by asking those who saw his Frosh team; battle the Varsity.

"AL" JONES

"SHORTY" BARRICK

Cheer Leaders

Few people realize what a task the cheerleaders have. Primarily, a cheerleader is selected because of his ability to get the student body to respond to his leadership. When our student body chose "Al" Jones and "Shorty" Barrick as yell leaders, they picked two men who were well fitted for the place. Both are full of pep and always on the job.

Spirit at Ohio Northern

With a Championship Banner flying over the University, the time has arrived when the student body should mold school spirit as an inspiration for future athletics and ideals.

Before the advent of a season, the prospects for a championship team are bright, but after the middle of the season, the talk drifts to our next year's dreams, and what the members of the Freshmen teams will accomplish when they are eligible to play.

What we need is a Student Council, that will regulate class distinction, and place the school spirit on a high plane, equal to any college in the State. We will not only be benefited athletically, but it will place love in our hearts for our Alma Mater, and we will cherish these fond school memories as long as we shall live.

PROF. L. C. SLEESMAN

It is most fortunate that Ohio Northern has a man the calibre of Professor L. C. Sleesman for Faculty Manager of Athletics. Working arduously throughout the year, without compensation, ever striving to solve Northern's athletic financial problems, Professor Sleesman deserves praeter-credit. This heavy onus, which he so patiently and stoically carries upon his shoulders is a fitting testimonial of the loyal devotion and filial duty to his Alma Mater.

THE 1923 FOOTBALL SEASON

When Coach Newton issued the call for football candidates sixty enthusiastic and eager men responded. With nine letter men back in uniform things looked bright for a winning team. The squad worked faithfully, without friction, under the direction of Coach Newton and Assistant Coaches Mier and Shearer to get into shape for the season.

Playing a hard ten game schedule, two more games than usual, and playing six of the games on foreign soil, the team was put to a severe test. Winning six out of the ten games played gives promise of seeing a Polar Bear aggregation at the top before long. Our men and coaches worked arduously and faithfully all through the long season, and carried the Northern pennon honorably against all opponents.

The Bowling-Green Game

September Twenty-Ninth

After three weeks of hard training, the Polar Bears journeyed to Bowling Green to play Bowling Green State Normal. The Championship of the N. W. O. Conference having been won by Bowling Green the previous year, the game was looked upon as a test for the Norsemen.

Soon after the opening kick-off, Northern ran for a touchdown, and from this time on the points piled up with a regularity that could not be denied. The Northern backfield showed early season promise of greatness in interference and speed.

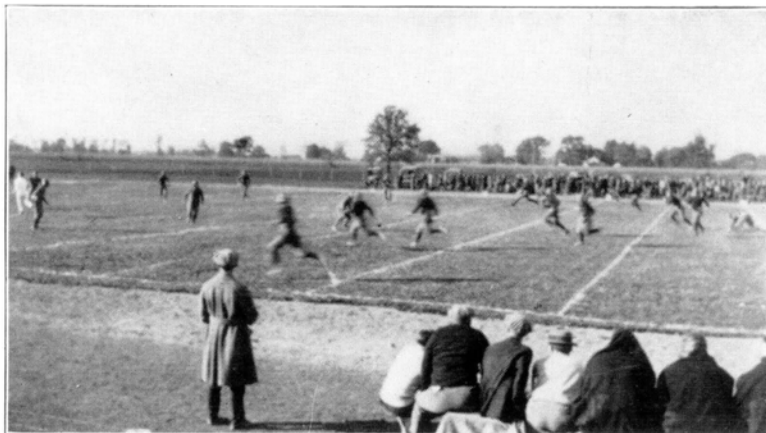

The game ended 47-0. The Bowling Green papers gave the Norsemen a great send-off into the coming Conference games.

The Ashland Game

October Sixth

Playing her second non-conference game in as many weeks, Ohio Northern lined up against Ashland College at Ada in what promised to be a great battle from start to finish. The most skeptical fan went home satisfied that he had seen a great game. For three quarters the Polar Bears trailed 6-0.

In the final period Kerschner, with the aid of good interference, ran for two touchdowns, and we were in the lead 13-6. After our second score, Wharton of Ashland ran for a touchdown on the kickoff, a feat never before performed against a Northern team. However, Ashland failed to kick goal, and the day ended perfectly for the Norsemen.

The Wesleyan Game

October Thirteenth

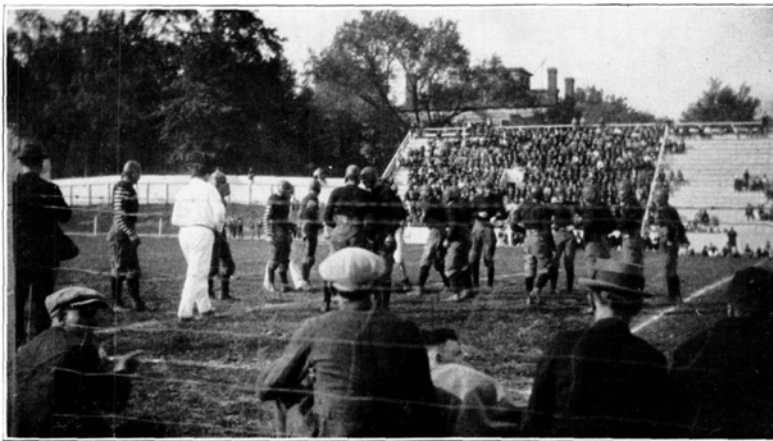

Five hundred loyal rooters from Northern traveled to Delaware, in a special train, to see the Polar Bears combat with their ancient arch-enemy, Ohio Wesleyan. It was an ideal day for a football game for fans as well as players. Mike's Band accompanied the team, and acquitted itself in a most impressive manner, to the invidious eyes of the Wesleyanites.

The first quarter was played in mid field with Wesleyan gaining a slight advantage because of the wind to their back. Neither team threatened to score in this period. Wesleyan's first touchdown came in the second quarter, through a series of end runs and line plunges.

In the last half the fighting Norsemen began to cut down the advantage Wesleyan held. Northern passed and ran Wesleyan's tackles for gain after gain.

The big break of the game came in the third quarter when Pearce of Wesleyan fumbled, after being tackled on Northern's thirty yard line. The ball rolled free and was touched by several players on both sides before it rolled over the goal line. Left Tackle Frump of Wesleyan fell on the ball for Wesleyan's second touchdown. The score stood 14-0.

The fighting Norsemen came back like a wounded Bear, and Kerschner returned a punt through the whole Wesleyan team for a touchdown. This sudden spurt seemed to raise Northern to almost superhuman efforts because they passed and ran Wesleyan's ends from deep, in dangerous territory, to the one foot line, where the timer's whistle prevented the Conference Champions from being scored upon for the second time that day. The game ended 14-6, and it was a typical Northern-Wesleyan battle, fought bitterly from the first kickoff to the end.

The Reserve Game

October Twentieth

Stinging under their first defeat at the hands of Ohio Wesleyan the Polar Bears invaded the Fifth City to play Western Reserve. Since Northern's first sojourn into the Pioneer's lair, under Coach Shifty Bolen, some three years ago, Western Reserve has failed to gain a decision over the fighting Norsemen. With a team boosted for the Ohio Conference Championship, and with three scalps under their belt, the Cleveland backers thought revenge would be sweet, and the Norsemen would be a fitting stepping-stone toward the State title.

For three quarters neither team had a decided advantage, although Reserve on several occasions had threatened the Polar Bear goal by getting inside the twenty yard line. Here all assaults were stopped by the fast charging line of the Norsemen.

In the final quarter, Reserve started a march from mid field and once more penetrated into our twenty yard line, but our team hurled back every attempt of the Pioneers. It looked like a no decision game because time was nearly up; however, much can happen in a short time. Lynch's kick was blocked, but Haley recovered on the forty yard line. Kerschner passed ten yards to Smith, who ran twenty five more. This gave Northern first down on Reserve's twenty-five. Another pass from Kerschner to Capt. Shank gave Northern her first score. With two minutes to go, Reserve tried to pass her way to a tie, but Kerschner intercepted one of their long heaves and ran to the two yard line; from here he ran off-tackle on the next play. This game blasted the hopes of the Pioneers.

The Baldwin-Wallace Game

October Twenty-Seventh

Coach Rube Bechtel brought the heaviest team to Ada that Northern met all year. His team was the heaviest in the Conference last season.

Baldwin-Wallace made a touchdown in the second quarter by intercepting a forward pass and traveling sixty-seven yards; Robinson kicked goal. Shortly after, another intercepted pass and a fifteen yard penalty gave the Bereans the ball on Northern's five yard line, where Robinson took it over for the second touchdown. The half ended 13-0. The score does not give a true indication of how the game was played. In the first half our team made seventeen first downs to the Bechtol Clan's two, but we lacked the final punch.

In the second half, we continued to pile up more first downs, and, also, touchdowns. Baldwin-Wallace kicked off to us, and in four plays Kerschner went over for our first score. Lynch drop-kicked goal. Before the end of the quarter, Kerschner again scored. Lynch made the fourteenth point. Just before the end of the game, Wander plunged for the third touchdown.

It was a real fighting comeback, and the team work displayed by the Norsemen was superb.

Homecoming Game with Akron

November ~~Third~~

A homecoming crowd of over two thousand people saw our Alma Mater go down to defeat at the hands of the Rubber-Men from Akron. The inflated "professional ethics" of the Tires accounted for the loss of three regulars for the remainder of the season. Outweighed fifteen pounds to the man on the line, the Polar Bears withstood the battering assaults of Akron for three quarters.

A fumbled punt gave Akron the ball on our eleven yard line. From here Akron carried the ball over for the first score of the game. That ended the scoring until the final quarter, when Akron's superior weight wore down Northern's line.

Northern was greatly handicapped in her running game by the loss of Kerschner, who could not start because of a bad knee. In the third period, Herge, Smith and Graybill were lost on account of injuries, which kept them out of the game for the balance of the season.

The crowd was the largest of the year, hundreds of old alumni coming back for the occasion. Although going down to defeat, the old grads were gratified to see the same old Northern fight ever present.

The Cincinnati Game

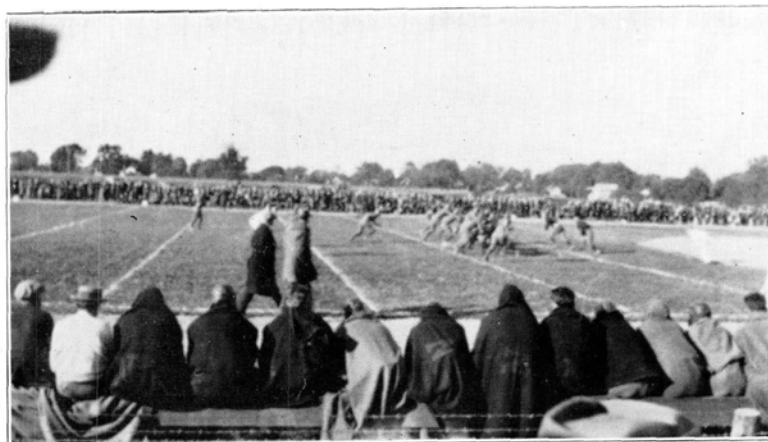

November Tenth

A badly battered and bruised team entrained for Cincinnati. Minus three regulars, Coach Newton had a herculean task before him to place a team upon the field that could withstand the rushes of Fullback Fratz.

Cincinnati scored their first touchdown on a misinterpreted rule. Referee Finsterwald was sincere in his decision, but, nevertheless, his misinterpretation temporarily broke the morale of the Norsemen. The Bearcats quickly scored a drop-kick and another touchdown. Kerschner passed to Shank for Northern's only score.

The greatest exhibition of forward passing ever seen in Cincinnati was displayed by the Polar Bears. Nine out of thirteen passes were completed. Three times Northern threatened to score in the final period, but a penalty, or an incompleated pass over the goal line gave Cincinnati possession of the ball.

The wonderful fighting spirit of the Norsemen predominated, and but for the unlucky break in the first quarter the score would have been different.

The Heidelberg Game

November Seventeenth

Again we entered the win column, at the expense of Coach Eggerbucht's Tricolor warriors, by the score 20-0. The game was a typical Heidelberg-Northern fight, full of action from the first whistle to the last down. The Northern game is to Heidelberg, what the Wesleyan battle is to us.

Kerschner and Haley tore up their former high school mates with ease. They are still lamenting the fact in Tiffin that these two men came to Northern, instead of staying in their home town and attending school there.

The game was cleanly played, and it marks another triumph for Dr. Newton over his former students.

The Bluffton Game

November Twenty-Fourth

The Mennonites of Bluffton donned their fighting togs and war paint, and, in lieu of the usual easy practice game, a real football scrap was fought at Bluffton.

It is true that Northern started the game with a second string backfield, but over-confidence played the largest part in a near defeat.

Northern scored first and kicked goal after touchdon-n, but Bluffton fought back and scored also. The Norsemen were leading 7-6, at the end of the half. In the last quarter, Kerschner put the game on ice with a brilliant forty-five yard run; Lynch again kicked goal.

Aescp said in his Fables two thousand years ago: over-confidence often causes the victors to go down in defeat at the hands of the vanquished. Moral: This game should teach Northern a lesson.

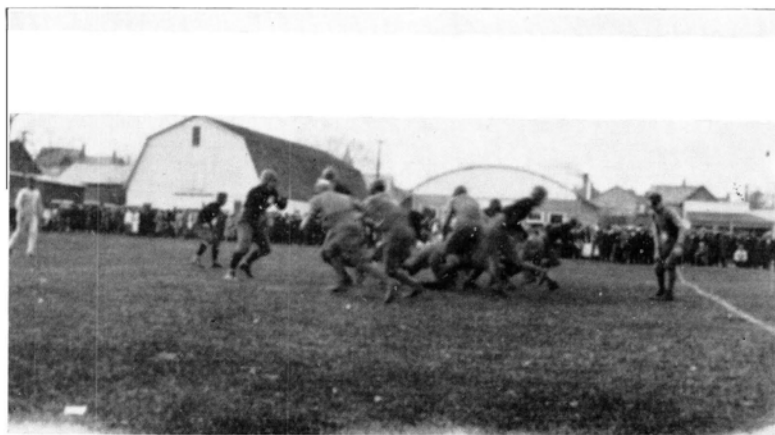

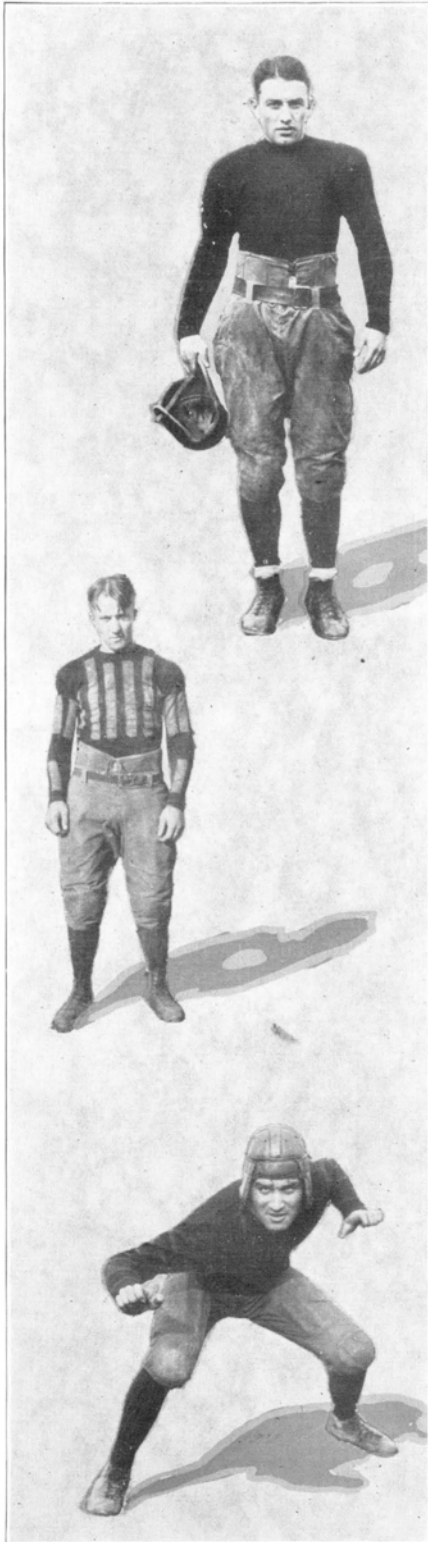

Thanksgiving Day Game with Wittenberg

November Twenty-Ninth

On a wet and sloppy field, Wittenberg proved her superiority over the tired and worn out Norsemen 31-0. It was a rout for Northern, but it was at the hands of an aggregation, flushed with a great season's record over a team broken in spirit, due to injuries and a long ten game schedule. The team displayed its indomitable courage, fighting to the last ditch for Captain Shank.

The curtain was lowered on a fairly successful season, taken as a whole. Seven letter men played their last Varsity game for the Orange and Black. They are Capt. Shank, Wander, C. Graybill, Smith, Matheny, Evans, Madorsky and Garber.

CAPT. PAUL SHANK
Senior

Probably the fastest nial~don-n under forward passes in the Ohio Conference. His three years at quarterback for Northern were brilliant, and his catching of passes played a big part in winning many games.

CAPT.-ELECT CLIFFORD KERSCHNER
Junior

Greatest halfback Northern has ever had. In open field running, he is without a peer in Western football, also second to none in heaving passes. His completed pass to Shank, in the Cincinnati game, for 47 yards was the longest completed pass in Ohio last year. Second All-Ohio selection 1922 and 1923.

JOSEPH MADORSKY
Senior

When called upon to take Herge's place the latter part of the campaign, Joe came through with colors flying. Played his best games against Bowling Green and Heidelberg.

EMMETT "BUDD" GRAYBILL

Junior

At quarterback and halfback, Graybill's fire and dash were predominant in every game. He is a good defensive back, and next year will give Newton a nucleus around which to build the team.

MERLE EVANS

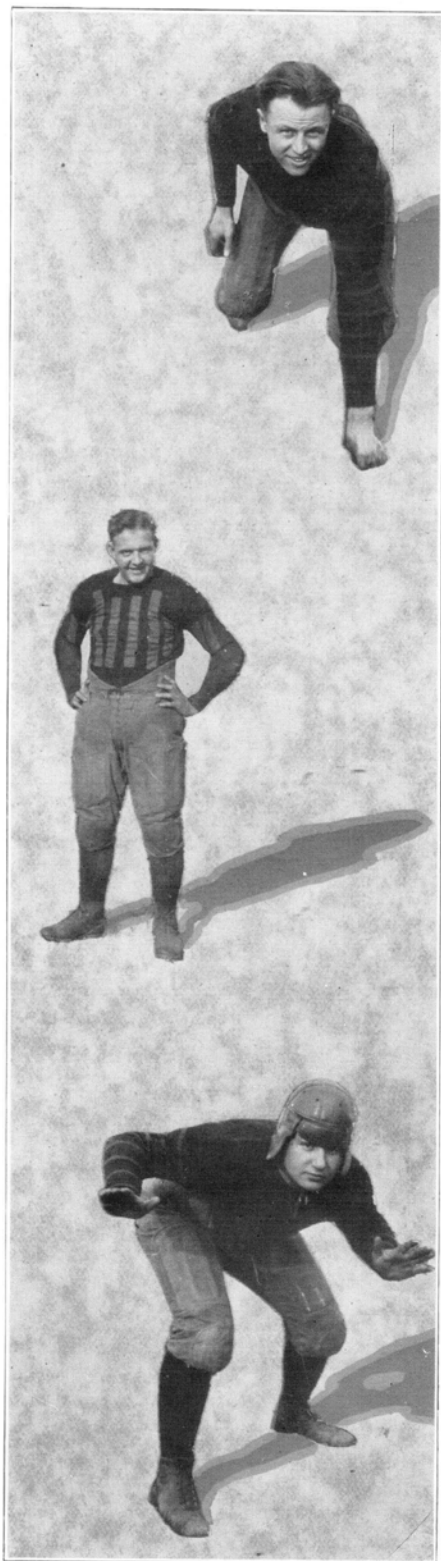

Senior

Evans at end played a consistent and steady game when called upon by Newton. His previous experience proved him a seasoned gridder.

PAUL "DEACON" LYNCH

Junior

"Deacon" played a great game at right end, and his kicking was an asset to Northern, offensively. With always plenty of fight, his steady play won for him All-Ohio mention 1923.

HIRAN "SPIV" KATTMAN

Sophomore

This former Canton McKinley star played a bang-up game at right tackle. He put up an air tight defense against end runs. We have you two more years, "Spiv," and you should develop into a great player. We're all behind you.

CLIFFTON "FAT" GRAYBILL

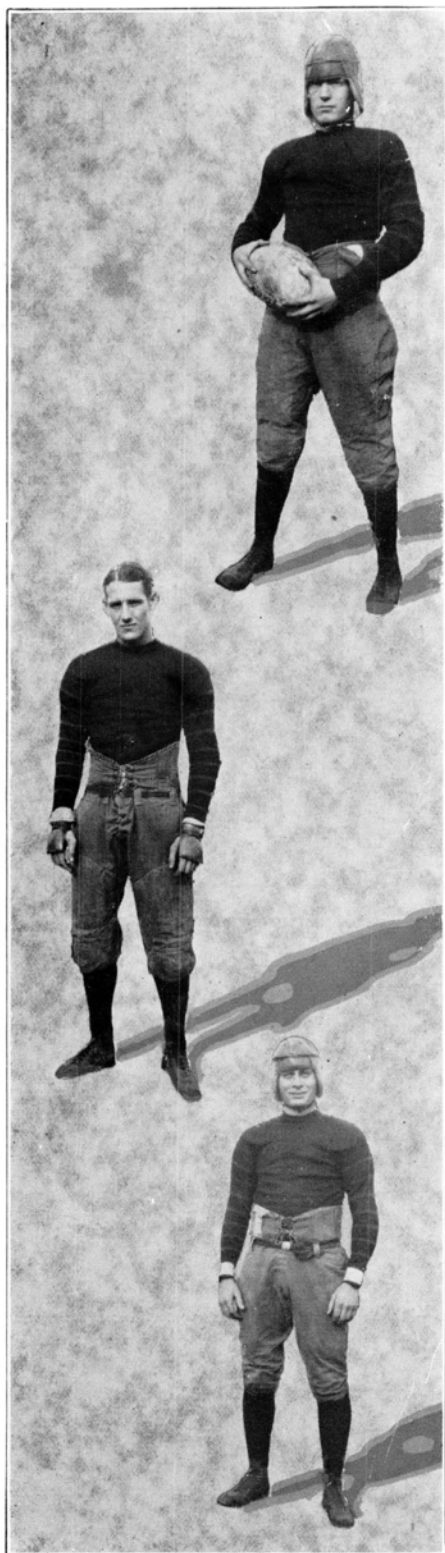

Senior

Playing center last year, "Fat" was moved to guard, where he showed his usual steady and great defensive play. An injury in the Akron game kept him out of football for the rest of the season. Honorable All-Ohio mention 1922.

JACK "FAT" GARBER

Senior

Garber took Graybill's place after the Akron game. Jack was always out there fighting for Northern, and he gave his best at all times.

HERBERT GREER

Junior

Fastest man on squad. Greer was a fine open field runner, and defensive man. Played both right and left half. When Kerschner was out of the game with an injured knee, Herbert filled the breach, and kept up a constant threat to opposing teams.

GEORGE "SPROUT" BOOP

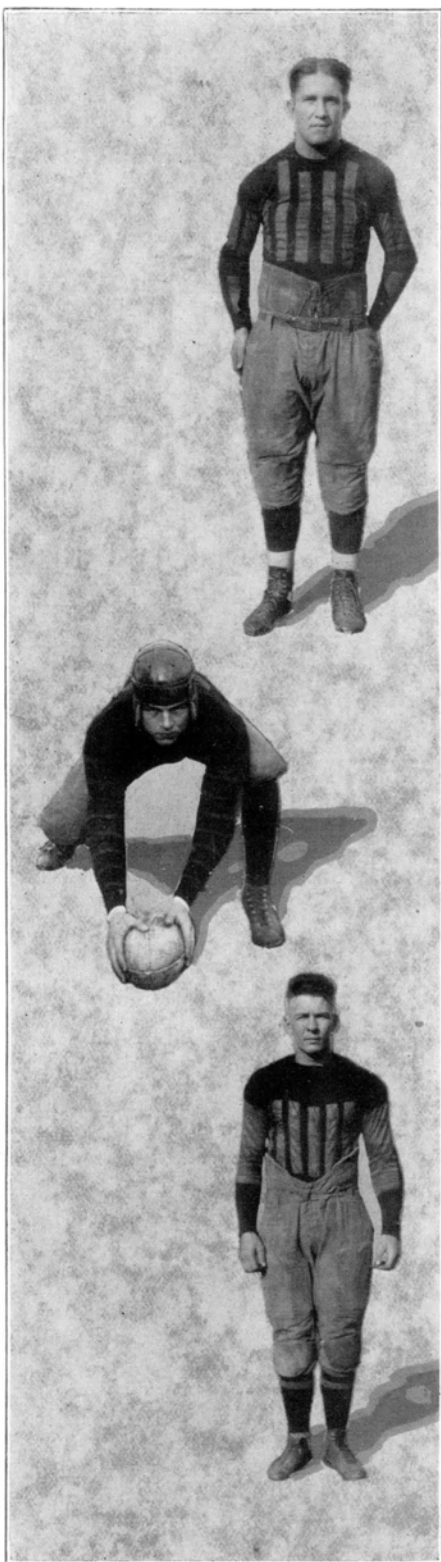

Junior

"Sprout" will make one of the greatest tackles Northern has ever had. His speed, along with his fight, makes him a terror to all opponents. We have one more year to watch you eat 'em up George.

RONALD "SOCCER" WANDER

Senior

Moved from fullback to end this year. Ran down under punts in fine style, and was a sure tackler. When Soccer planted his 180 pounds in front of plays, immediate results were spired. All-Ohio mention 1922.

FRANK "KART" HALEY

Junior

In his second year of Varsity football, "Bart" came into his own. When called upon for two to five yards, he couldn't be stopped. His vicious plunges in the Heidelberg and Baldwin-Wallace games were great to see.

THEODORE "TED" TERRY

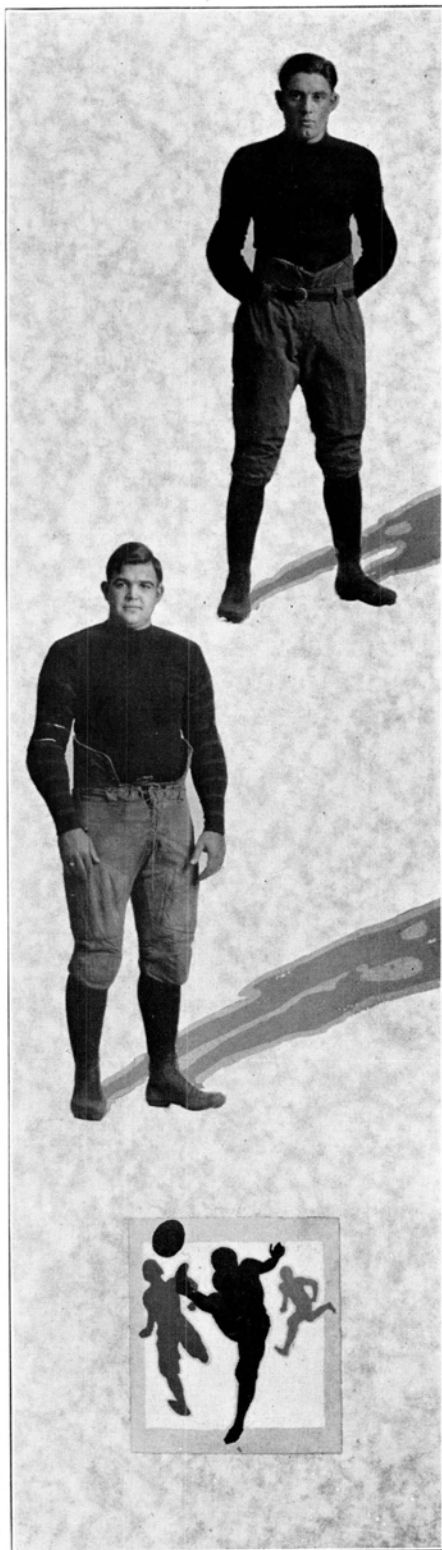

Sophomore

At center, Terry was in the thick of every play. "Doc" played him at roving center because of his ability to diagnose opponents' plays. Two more years will find you among the best of them, 'Ted.'

WALTER "SILENT" MATHENY

Senior

Playing guard, Walt could cope with the best of them. His weight was his only handicap and kept him from retaining the regular berth, held last year.

NOLAN "CHIC" SMITH

Senior

On defense and in blocking, all looked alike to Smith. He cleared the path for Kerschner, in a very convincing manner. A pulled tendon in the Akron game, kept him out of the last three contests.

THEODORE "TED" HERGE

Sophomore

From the first game, Herge's improvement at guard, both offensive and defensive, was nothing short of phenomenal. This big boy will cause a lot of trouble for opponents next year. A broken leg received in the Akron game shelved "Ted" for the remainder of the season.

These gridiron stars have brightly shone,
Their fame and name the world has known.

W. EIGHMY
Winner of Physical
Efficiency Tests

The above records are the results of the physical efficiency tests inaugurated by Dr. Newton as a part of the improved program of Physical Education. The program for women will be the same with a few modifications,

At the beginning of each school year, every new student will be given a physical examination, which will include the above tests. These results are recorded and kept on file, and a second similar tabulation is made at the end of the spring term, when he takes the tests again. The third and final tests are taken at the end of the sophomore year, and the final record is completed. A glance at the student's record will give a fairly good estimate of his physical improvement. The tests are so designed that they cover practically every phase of general physical ability. Finally, these anthropometric charts give the Physical Director an opportunity to observe the weakness of each individual, and thereby enable him to correct the debility for the betterment of the student.

Freshman Football

Coach Spellman issued the first call for Freshman football on September 21, and thirty men responded. Three nights each week, they scrimmaged the Varsity. It was this team that took the battering to help round the Varsity into shape.

It has been said that no team is any stronger than its substitutes, but we, also, believe that no team can be strong without competent opposition in practice. It was a game, yearling squad this year that stuck through the three long months of the season, knowing they would receive no honor for their work, but toiling so that the Polar Bear Varsity might be benefited.

Review of of Basketball Season, 1923-24

A large host of men turned out for Coach Newton's call for basketball practice. With only two veterans, Captain Smith and Haley, to build around, Newton was again confronted with a green team to start the 1923-24 race. We were fortunate in having Dixon, former Ada Hi star; Lynch, Marietta College star, and Eldridge, former Ohio Wesleyan letter man, to round out the quintet. Kattman, although inexperienced at the beginning of the season, proved to Coach Newton that he had great possibilities as a coming star, and broke into the regular lineup the latter part of the season.

LEO TRITSCHLER, MGR.

In the pre-Conference games, before the Holidays, the fighting Norsemen mowed down the Lima Collegians, Bluffton and Ashland in short order, but lost to Akron Goodyear 36-32, after trailing at the end of the half 28-7.

After vacation, Antioch was defeated, at Ada, 28-20, but the first Conference game was lost to Akron, at Akron, 26-25. It was a heart breaker to lose, and Akron will never forget the long shooting of the Norsemen.

Kenyon and Heidelberg followed, and both were defeated. At no time, in either game was Northern forced to extend herself. Next came Ohio Wesleyan, and, in the hardest fought battle of the season, the Polar Bears were vanquished 28-26. The same old Wesleyan jinx predominated.

Overconfidence reigned supreme, and the next two tilts were lost to Wooster and Ralldwin-Wallace, both by one point. This was four games that Northern had lost by a total of five points. Following this setback, Bluffton was torn asunder by clever passing, but Ohio U, through the brilliant shooting of Wright, won 35-23.

In the last three games, the fighting Norsemen showed a different brand of basketball. Starting with Otterbein, at Westerville, the Polar Bears piled up the largest score of the season, by defeating them 54-21. Then came Wittenberg, and they were downed 26-23. This game is all the more memorable because it was the first Northern victory over Wittenberg, on the court, in five years.

The season was ended in a blaze of glory at Tiffin, when Heidelberg was beaten 36-32, in three overtime periods. It was a crowning triumph for Northern, and a fitting climax for the team of 1924, relegating Captain Smith and Eldridge to the ranks of passe performers.

CRPT. NOLAN SMITH
Senior

Played a very consistent game at running guard. Kept the team cool and deliberate under fire. His best games were against Wesleyan, Kenyon, and in the brilliant three-period win over Heidelberg.

HIRAM "SPIV" KATTMAN
Junior

"Spiv" played his first basketball this year, and his rise was meteoric. Standing six feet three inches, Kattman was a tartar to many teams. He developed so fast that Nen-ton used him the last three games as a regular.

PAUL "DEACON" LYNCH
Junior

One of the greatest forwards ever to play for Northern. Second high point scorer in the Conference, 1924. Lynch turned in his best games against Heidelberg, Wesleyan and Bluffton. Second All-Ohio forward, 1924.

FRANK "BART" HALEY
Junior

At back guard Haley was in the thick of every play, that brought the ball into his territory. "Bart" could sure take the ball off of the backboard. He will be star of the first rank next year.

JAMES "SILENT" ELDRIDGE
Senior

Eldridge came to us from Wesleyan, where he had two years experience at guard. Jim was moved to center, and he acquitted himself with the skill of a veteran pivot man. Always consistent, Eldridge drew many comments from officials over the state. He closed a fitting career at Heidelberg.

CLIFFORD "SKIPPER" DIXON
Sophomore

"Skip" starred in his first year of Varsity play. Paired with Lynch, these men were about the cream of the Conference. His brilliant long shooting at Akron was the best ever seen on the Goodyear court.

Top row—Gledhill, Spellman, Coach ; Wolford.
Middle row—Morgan, Sugarman, Petro, Garmon.
Bottom row—Voight, Shelly, Lehman.

With an abundance of stars from several of the leading high schools in the state, Coach Spellman had a comparatively easy time putting five men on the floor that could force the Varsity to their utmost at all times. It was impossible to pick a first team because any one of his twelve men could step with the others.

A finer looking galaxy of athletes than the Northern Freshmen squad would be hard to find in any school. Among those outstanding were Sugarman, center ; Petro, forward, and Raabe, guard. Northern is assured of egregious basketball teams in the future.

INTRAMURAL CHAMPIONS

Top row—Boop, Lemon.

Middle row—Wolfe, Haley, Coach ; Morgan.

INTRAMURAL BASKETBALL

More interest was shown in Intramural basketball this year than in any year previous. Three leagues were formed, composed of seven teams each. The winner in each league was determined on the percentage basis. At the completion of the schedule, the leaders in each league drew for opponents in the finals. The Sig Eps drew a bye, and the Lima Beans played the Newman Club.

The Lima Beans defeated the Newman Club 16-15, but lost to the Sig Eps in the finals 16-10. A capacity crowd was on hand to cheer the teams along.

The Sig Eps displayed a team well versed in all departments of the game. Herb Greer, former Varsity letter man, captained the team and proved an able leader.

We take this opportunity to submit an All-Intramural team to you. It is impossible to select a team that will meet with the approval of the entire student body, but after seeing all the teams in action, and conversing with several officials, we offer Greer and Petro, forwards; Sugarman, center; Anspach and Kaabe, guards. We believe this is a truly All-Intramural quintet,

WHERE PLAYED

Varsity Baseball

The title of Ohio Conference Champions is indelibly written in Northern archives by the team of 1923. Not only playing a superior game in the field, but hitting far better than any team in the Conference, it is not difficult to see why the Polar Bears grabbed the flag last year.

Credit for the team must be given to Coaches Newton and Main, who took several green men and fitted them into the vacancies left from the 1922 team. Coach Main's pitching to batters in practice made it easy for the Norsemen to look over Conference pitching.

The opening of the season was delayed, due to rain, and the Miami and Cincinnati games were cancelled. The next two games were played with Oberlin and Dennison on foreign ground, and both fell prey to the Bears' slugging by large scores. Northern then took on Bluffton, Ohio University, Ashland and Wesleyan on indigenous soil, and won by comfortable scores.

The only break in the column of Lady Fortune came when Wesleyan defeated Northern, at Delaware, 4-3, due to partiality shown by the umpire. It was a plain steal, and we do not mind telling about it.

Commencement Week found Wittenberg here for two games and two defeats. It was a great season, and Coaches Main and Newton, and Captain Wander deserve great credit for bringing the first Championship to Ohio Northern since 1905.

INDIVIDUAL STARS

Captain Wander, in center field, was the keystone of the outfield. His sureness in catches makes us wonder with what league club he will play. All-Ohio First Team, 1923.

Captain-Elect Haley, catcher, was the heaviest slugger on the team. He not only led his teammates in hitting, but also the Conference with an average of .451. All-Ohio First Team, 1923.

Pitchers Graybill, Adler, Wagner and Carpenter solved all mound problems for the coaches. Graybill led the Conference with three victories and no defeats. Selected on All-Ohio First Team, 1923.

Hammond, on first base, was a splendid fielder and hitter. Cooke at second, Wiseman at short, and Falquist on third gave us an infield that would be hard to beat. Wiseman was chosen on All-Ohio First Team, 1923; Cooke All-Ohio Second Team, 1923.

Bolster and Miller, in right and left fields, respectively, deserve plenty of praise for their splendid work. Both are back this year.

Huffman and Mowery made good utility men. Both were excellent hitters and fielders.

The Alpha of Track at Northern

A new branch of Intercollegiate athletics, track, was added to Ohio Northern's curriculum last spring. A cinder track was built, and three dual meets were arranged, two with Bluffton and one with Denison. Although losing these contests, some individual men were developed, who will win many points for Northern this year.

It takes several years to build an efficient track team, and we can not expect too great results from the Polar Rears, on the track, this season.

Dr. Newton has employed Coach Shearer to develop the team. Full charge is entrusted to him, and, with our material, we will have one of the finest teams in the state, within a few years.

Pan-Hellenic Council

The Pan-Hellenic Council is only two years old, yet its influence is that of a more mature organization. Believing that its future success depends not only on the confidence that the fraternities have in it, but also on the co-operation with it and between the groups; the council has proceeded in a systematic manner to build up a finer inter-fraternity spirit. To accomplish this, three fraternities on the campus hold open house every month to which the remaining six fraternities are invited. This plan in conjunction with an inter-fraternity party, held during the spring term, has done much to create a better feeling.

Many problems have come before the council this year, all of which were adequately handled. Some of these were local in character, while others embraced the life of the entire university. Student's health, a budget system of activity fees, increased co-operation of the student body with the athletic program, and scholarship, were a few of the many problems. To raise the standard of scholarship in the fraternities is the purpose of a plan that has been devised, whereby a cup is presented to the fraternity having the highest grades. Also, to the highest ranking fraternity man in each department will be given a scholarship key. At the close of the football season a banquet was given by the Pan-Hellenic Council to the football players to express to them the appreciation that Northern has for her warriors.

The Pan-Hellenic Council is only two years old but it is looking confidently into the future. It is looking ahead to the time when the last mark of inter-fraternity jealousies and politics will be erased, and all thoughts turned to defending the honor of Northern.

The officers of the council this year were: Chairman, Prof. H. J. Weber; Secretary, C. H. Schutze; Treasurer, B. L. Miller.

Vacation

Oh, sun-kissed hills
And fields of rippling grain.
Oh, meadow rills
And silver-flashing rain.

Soft, fleecy clouds
Afloat in summer skies :
Wee bird that swift
On flashing pinion flies.

Pearl dawn, rare noon,
And twilight's holy hour,
When Nature pauses
To confess His power.

When winter comes
I seek my treasured store,
And memory lives
Vacation days once more.

When the former students returned to school in September they were disappointed to find that the employed secretary had resigned, and that the position was not to be filled during the school year. As a result the Y. M. C. A. lost much of the momentum it had gained during the previous year with an employed secretary in charge.

The officials of the association were also surprised that the president did not return to school. James S. Fenwick, vice-president, was chosen to act as president and during his guidance the association prospered as well as anyone could expect.

The year's **work** was begun before classes began in September. Two of the Y. M. men returned and worked placing many of the new students in rooms as they called at the Y. M. The Freshmen were of course glad to secure their aid. The association was the official body of the University for this **work**.

The officers aided thruout the year, doing their best to keep the Y. M. in a position of respect on the campus, and in this they succeeded.

At the annual spring election Mr. Fenwick was succeeded by Elbert F. Eibling as president. Eibling, with the aid and suggestions of the former president and the faculty advisors, arrayed around him what promises to be one of the best cabinets ever known in the history of Ohio Northern Y. M. C. A. It is composed of diligent workers, red-blooded Christian men, and represent the many different groups of the University.

During the year the Y. M. and Y. W. co-operated in putting forth their programs, several conjoint meetings being held with a large number in attendance each time.

The new officers and cabinet have as their initial aim the obtaining of a permanent employed secretary. Representatives are to be sent to the regional conference at Lake Geneva, Wisconsin, and the outlook for a good, big future Y. M. is bright.

One of the most successful and inspiring years in the history of the Y. W. C. A. at Ohio Northern University has just passed. About ninety-five per cent of the total number of girls in school are members of this greatest of all women's organizations. From the first meeting of the fall term to the last meeting in the spring term, the Y. W. C. A. room has been a rendezvous for the girls of Ohio Northern on every Wednesday evening at six-thirty. The programs are planned by the Devotional Chairman a term in advance. Professors, speakers from outside the school, and the girls themselves have lead the meetings so that each meeting was different from any other. An added attraction to each service was special music.

The budget for the past year has been nearly six hundred dollars. A large part of this money has been raised through gifts from alumnae and the efforts of the girls of the University. This money has been used for Foreign and Home Missions, Social Service, Conference Fund and Socials.

The cabinets from Heidelberg, Findlay, Defiance, Bluffton and Ohio Northern meet each year and discuss the problems which arise in the associations. Next year the council will meet at Ohio Northern.

The Ohio Northern Educational Association was organized September 28, 1916, for the benefit of those who have chosen teaching as a profession. There were fifty-four charter members the first year. It has filled a unique place in the life of the students. It has afforded an opportunity to its members of ever broadening their range of vision and carrying its influence directly into their field of endeavor. The weekly meetings have been of inestimable value to its members. The association has just enjoyed its most successful year. Able speakers talked on the subjects of "Poetry in the Public School," "Tests and Measurements," "The Value of the Child," "Early Ohio Educators" and many more most interesting and vital subjects. This year the society numbered one hundred seven members, the largest enrollment to date.

OHIO NORTHERN UNIVERSITY CHAPTER AMERICAN ASSOCIATION OF ENGINEERS

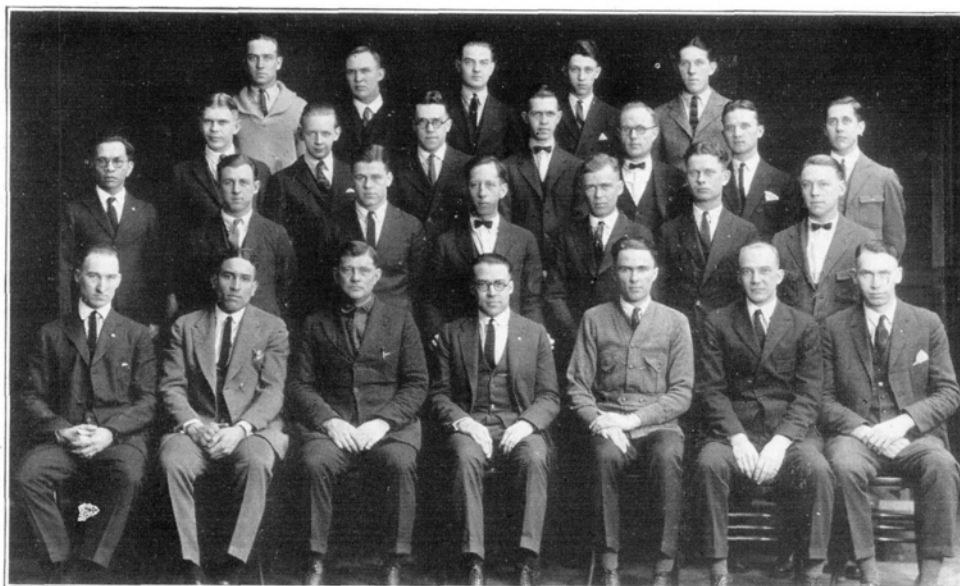

Established February 24, 1919

The object of the Association shall be to raise the standards of ethics of the engineering profession and to promote the economic and social welfare of engineers.

Affording means for the interchange of information beneficial to members of the engineering profession, maintaining a service clearing house for the benefit of the members, influencing proposed legislation affecting the engineers' profession and taking action necessary or advisable to safeguard the profession's welfare, promulgation of the Association's ideas through proper publication, and fostering a brotherly spirit among engineers.

AMERICAN INSTITUTE OF ELECTRICAL ENGINEERS

The Ohio Northern University Chapter of the American Institute of Electrical Engineers was organized February 12, 1912. Since that time it has been one of the most if not the most active engineering societies on the campus.

The students are extended all the benefits of regular members, including membership to the "Journal."

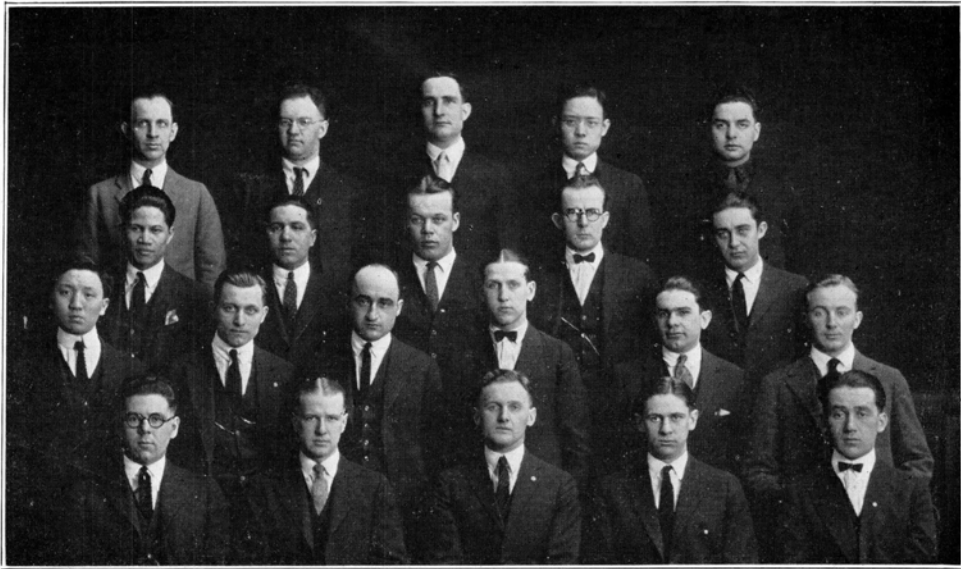

This year, largely thru the efforts of Dean Alden, a credit hour was given to the student attending a majority of the meetings, and due to this, the regular attendance at the meetings has been splendid thruout the year.

Most all the engineering faculty have favored this organization with talks and lectures during the past year. Many students have given talks on different engineering subjects.

ASSOCIATE MEMBER
 Professor I. S. Campbell

In the fall of 1920, the Mechanical Engineering students who were members of the original O. N. U. Society of Engineers, realized the necessity of having an organization that represented their own department. So with the aid of Professor Brakes, who was at that time the head of the Mechanical Department, they established the Northern Society of Mechanical Engineers.

This, however, was not sufficient to meet the increasing demand and growing prominence of the Mechanical Engineer in every field of industrial activity which necessitated the influence and intimate association with a national organization. Thru the untiring efforts of Professor Campbell the local society was accepted as a Student Branch of the American Society of Mechanical Engineers during the fall of 1922.

The object of this society is to promote the arts and sciences that are connected with the Mechanical Industry thru an interchanging of ideas at technical discussions which are held bi-monthly.

Ohio Northern Society of Chemical Engineers

Second row—Brant, Erb, Shappell, Huden, Runkle.

Third row—Ruckman, Williams, Detrick, Shires, Kennedy, Giles.

Fourth row—Moore, Noble, Smith, McCann.

The Ohio Northern Society of Chemical Engineers was organized in 1919 and is the youngest Engineering Society on the campus. Professor Sleesman, Head of the Department of Chemical Engineering, realizing the need of discussions outside of the classroom of industrial and research chemistry, was largely instrumental in the organization of the society. Since its organization, membership in the society has grown rapidly in proportion to the enrollment of students in Chemical Engineering and ranks high among the other technical organizations.

Membership in a National Society is being considered by the members and next year should see the society affiliated nationally.

The Student Volunteers for Foreign Missions meet on each Tuesday evening, and during the year have used as texts for discussions "Contacts with Non-Christian Cultures," and "Race Problems and Christian Ideals."

The purpose of the group is to promote Christian fellowship, to study social and religious problems of the world, to fit the members for mission work, and to inspire to a deeper Christian life.

Five members attended the Indianapolis Convention and five others the Northern Ohio Union Conference at Oberlin, all bringing back much real inspiration. Deputations have gone to churches at various times to hold missionary services. In past years many have gone to foreign fields and are rendering valuable service there. We welcome all who are interested in Christian service at home or abroad in our group meetings each week. Seven are actually preparing for foreign service.

FALL TERM

W. PORTER	<i>President</i>
MISS DEMAY	<i>Secretary</i>
CARL KLEIN	<i>Treasurer</i>

The Law Association was re-organized during the fall term and officers elected. Many important meetings were held and on October 4 a smoker which was well attended, was held at the K. of P. hall. This was a success because the Senior and Junior lawyers had an opportunity of becoming acquainted with the Freshmen.

WINTER TERM

GEORGE HARGREAVES	<i>President</i>
MISS DEMAY	<i>Secretary</i>
CARL KLEIN	<i>Treasurer</i>
CHARLES PATTERSON	<i>Sergeant-at-Arms</i>

This was a very important term as the Association adopted a new constitution and by-laws which enabled them to perfect plans to promote the general welfare of the law students of this university. Resolutions were adopted to arrange for prominent judges and lawyers to address the law association.

O. N. U. Law Association

O. N. U. LAW ASSOCIATION SPRING TERM

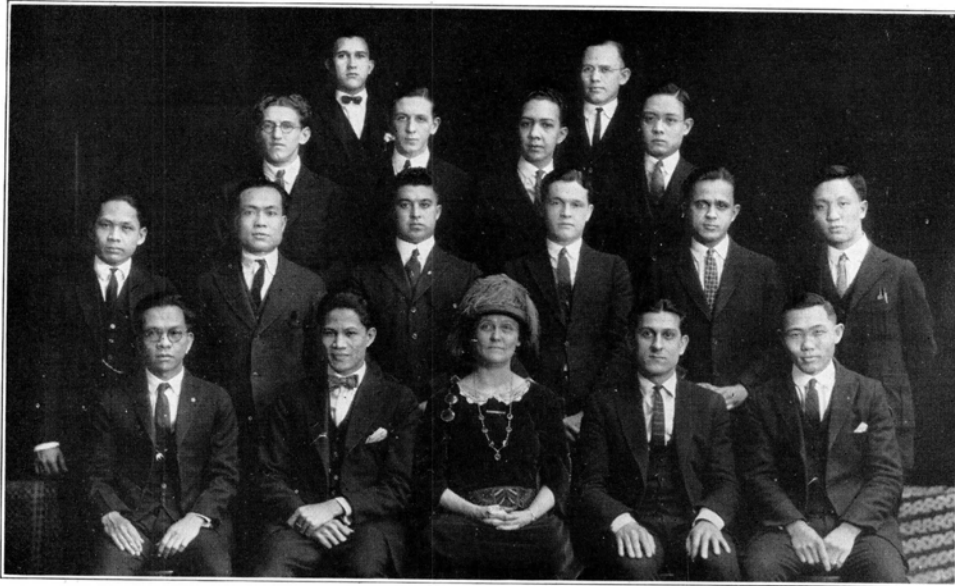

RUSSELL NICHOLS	<i>President</i>
CARL KLEIN	<i>Vice-President</i>
MISS DEMAY	<i>Secretary</i>
G. HURREL	<i>Treasurer</i>
JOHN MOKE	<i>Sergeant-at-Arms</i>

During this quarter the Law Association took up permanent quarters in the new Law Building. Moot Court was opened of which much benefit was derived by the students, in practice and court procedure. Judges for the Moot Court and other court officers were chosen and many interesting trials were held.

The last week of April was set aside for a law week, which was followed by a banquet on Friday night. At the banquet Chief Justice Marshall of the Supreme Court of Ohio was the principal speaker and guest of honor. Judge Aigler of Canton also spoke during law week. Some of the other interesting addresses given during the term were Judge Duncan of Findlay, Attorney Harlan Rurkett of Findlay, Mr. Berkhardt of Lima and Professor Gray of the College of Liberal Arts.

Resolutions were adopted to make Law Week an annual event.

THE ST. CECELIA MUSIC SOCIETY

The St. Cecelia society has been formed to promote social, literary and musical advancement among the students of the music department and has been one of the most active and prominent societies on the campus.

The club rooms are in the conservatory and meetings were held every two weeks throughout the year. At the regular meetings composers were discussed and selections from their works rendered by the music students.

Several brilliant social affairs were held during the year besides the entertainment and luncheon at the regular meetings. An elaborate Valentine party was held in February and a dinner and theater party in March. The delightful picnic and farewell party to the music graduates was held in Ream's grove in May.

The success of the society has been due to the splendid co-operation of the officers and club members.

The officers are the following:

ETHEL HERBKERSMAN	<i>President</i>
MARGARET POLING	<i>Secretary</i>
MILDRED OSMUN	<i>Treasurer</i>
HAZEL NIEDERFELD	<i>Sergeant-at-Arms</i>

PRESS CLUB

The Press Club is an organization whose sole motives are the creating of interest in college publications among the students and training underclassmen in such a manner that there may always be competent correspondents ready and willing to occupy staff positions. Membership is open to any student interested in journalistic work and weekly meetings serve to create and keep alive such interest on the part of the students.

The club is active, bringing different noted journalists to speak at their meetings and sponsoring different entertainments throughout the school year. It serves as a stepping stone to positions on the staffs of the college publications.

Under the leadership of Pres. Overmyer the club enjoyed one of its most profitable years. The membership exceeded fifty students, most of whom will be back next year.

LILLIAN CODDING	<i>Secretary</i>
H. C. VANNORSDAL	<i>Treasurer</i>
DOROTHY COX	<i>Reporter</i>

The Summer Term was one of the most pleasant and profitable the Adelphians have every enjoyed. Interesting and varied programs were taken part in by both old and new members. Each member showed unusual loyalty to the society and took great interest in its work. We feel confident that all the work was worth while and proved a valuable experience to those who participated in the activities.

ROBERT CRAUSAZ	<i>Vice-President</i>
MILDRED DOTY	<i>Secretary</i>
RALPH SHAFFER	<i>Treasurer</i>
P. W. THOMAS	<i>Critic</i>

Unusual interest and enthusiasm marked the activities of the Adelphians during the Fall Term. A large number of new members were taken into the society and their spirit of co-operation helped make the term's work a great success. The programs which were varied and interesting as well as instructive proved the value of literary work as a part of college activity.

MISS HAZEL NEIDERFELD	<i>Reporter</i>

Under the leadership of Mr. Crausaz the Adelpian Society reached the zenith or former days. The spirit of old was revived. The orchestra was organized. Co-operation and good fellowship were made the keynote of an elaborate campaign for the advancement of literary work. Well balanced programs were arranged to give any one sufficient opportunity to develop his particular talent. The efforts were rewarded by a large membership increase and an attendance which at times overtaxed the capacity of the hall.

The work of the society was of the usual high Adelpian quality. Valuable and interesting programs were presented which never failed to inspire the large audiences. The popularity of the Adelpian Orchestra was assured by the enthusiasm shown at its appearance before the society and by the many calls received for its services elsewhere. The annual Crile Oratorical Contest was well supported and the contestants were inspired by a large and appreciative audience.

FALL QUARTER

The Philomathean Literary Society under the leadership of Harry R. Merideth of the College of Law enjoyed a very successful and profitable quarter. The other campus activities did not seem to interfere with the work of the society during the fall quarter and every meeting night found the hall well filled with students who were appreciative of the high grade of programs that have won for this society the name that it justly deserves on the campus.

With a girl full of pep, vigor, and whose cheerfulness was irresistible the society grew like magic. The fact that many new members were added to the list of "Loyal Philos" spells progress for the society and that its work is of compelling standards. Some of the members of the society were awarded the Philo Diploma an honor enjoyed only by those who have shown exceptional merit in their work and whose energetic efforts were so well deserving.

Quality was the keyword in forming the programs. A series of "Chautauqua Programs" were presented with decided success. These events, besides the participation in the Intermural Basketball games and the Mixer were the high spots of the term.

SPRING QUARTER

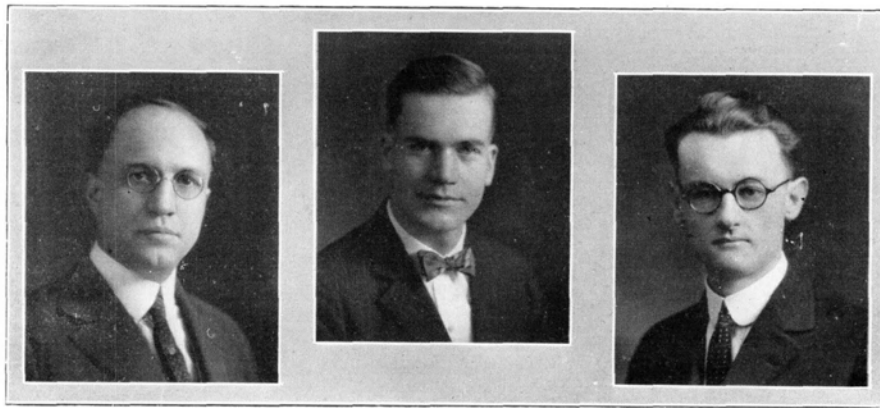

CLIFFORD L. SCHWEINFURTH	President

MR. SESE	Sergeant

The splendid attendance that marked the previous quarters was even more noticeable in the spring quarter. This is no doubt due to the energetic efforts of its officers and program committee. Such features as the International Club, The All Red-Headed Program, The Ramey Oratorical Contest found the hall and even lobbies packed and would have made any alumnus recall the good old days of yore and feel encouraged and enthused about the future of Philodorn. Under the direction of a Senior expression student the Philos closed with one of the most eventful and successful spring quarters in its history.

SUMMER TERM 1923

The Franklins got off with a good start by entertaining the summer students at a miser and get-together social. With the loyal support of a large and talented membership, they produced programs of great merit and intellectual value. The Chautauqua program and the mock trials, which entertained crowded halls, were outstanding features of the term.

FALL TERM 1923

WALTER E. FILLMAN	<i>President</i>
MR. MIKESELL	<i>Vice-President</i>
EDNA MCPHERON	<i>Secretary</i>
MR. KEIFFER	<i>Treasurer</i>

The Franklins began the school year with much real enthusiasm. The officers did their duty in a creditable manner. Franklin Hall was known as the headquarters for debating.

The inter-collegiate question was thoroughly discussed during this term. The fall mixer was an enjoyable affair, and many new members were added to the society.

WINTER TERM 1923-1924

M. D. UNDERWOOD	<i>President</i>
EDNA MCPHERON	<i>Vice-President</i>
MISS FREY	<i>Secretary</i>
MR. HAZEL	<i>Treasurer</i>

During the winter quarter, many important public questions were ably discussed. Mr. Underwood steered the Franklin ship of state in a commendable manner. Every-one considered the time spent in Franklin Hall during this term, a real gain.

SPRING TERM 1924

ZELL S. WALTER	<i>President</i>
MR. KEIFFER	<i>Vice-President</i>
MR. DEL BENE	<i>Secretary</i>
MR. MATHEWS	<i>Treasurer</i>

'The Girls' Glee Club enjoyed a most successful season appearing before large, appreciative audiences at Lima, West Liberty and ten other cities. Boldwyn Jones, soloist; Mrs. Carrie Brewer, violinist, and the Misses Phillips, readers, contributed to the various concerts.

Each song group was given in appropriate costume while a unique Chinese play proved to be the "hit" of the season. Never before has a Northern Girls' Glee Club so well displayed well-balanced harmony and perfect blending as the club this year. 'b'his was largely due to the untiring efforts of the director, Mrs. Eunah Johnson.

CARROL SCHUTZE	<i>Philomathean Literary Society</i>
JAMES FENWICK	<i>Adelphian Literary Society</i>

Washington's birthday was celebrated by a patriotic program at Lehr. The three literary societies and the law association had chosen speakers for the occasion and each performed his part well.

Alan Moorman, speaking for the law association, told of the life and work of Warren G. Harding. Carrol Schutze of the Philo Literary society, spoke of the life of George Washington; James Fenwick, for the Adelphians, spoke on Woodrow Wilson, and Marion Freeman, representing the Franklin Literary society, gave a very interesting discussion of the **Bok** Peace Plan and World Court.

The Ohio Northern University Dramatic Club offers to the student body many opportunities of acquiring stage experience under capable direction. This versatile and cosmopolitan group has achieved decided recognition on the campus. Its weekly meetings have led to very instructive discussions which are invaluable to the actor and the actress. The club is composed of three sections each rivaling the other in the supremacy of dramatic production. Stage settings, characterizations, dramatic construction are studied and members of the club have the opportunity of carrying into actual practice what they learn. Programs consisted of impersonations of people in nearly all walks of life; talks on make-up with actual demonstration; readings, eccentric dancing, and musicals. In addition, plays are read and reviewed and the club is constantly posted on new productions as they appear on the legitimate stage.

With such a program before the club one would think that there would be little time for congeniality. But such is not the case. Its members are optimistic and endeavor to see and appreciate the good in people and the bright side of life. There is time for social functions and its annual festivities are looked forward to with pleasant expectations of merrymaking.

"As You Like It"

During its brief existence the club has produced several plays and programs varying in type from the light comedy to the works of the master dramatist. Among the shorter plays which have been presented successfully are *Sunset*, *Roseberry Shrub*, *A Pan of Fudge*, *Plain Mary Brown*, *Mrs. Forrester's Crusade*, *Vengeance is Mine*, *Reformation of Bertie*, *A Pair of Lunatics*, *The Finger of God*, and *Suppressed Desires*.

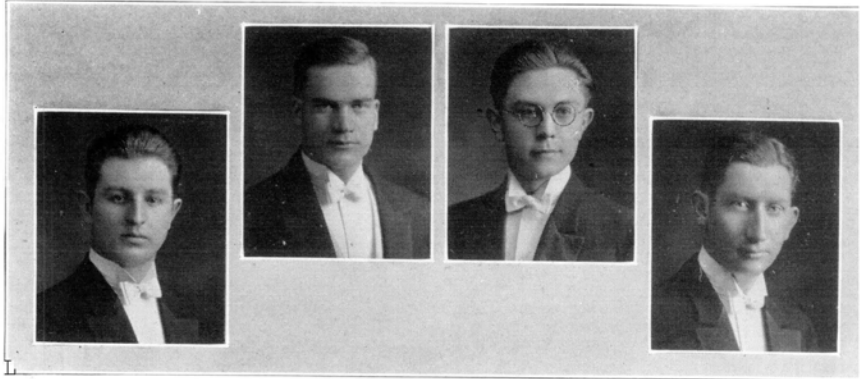

Professor Pepp, *Between the Acts*, and *The Arrival of Kitty* were the longer plays having an enjoyable light comedy touch. *The Cricket on the Hearth* was the pretty classic story staged while in the two Shakespearian plays, *A Midsummer Night's Dream* and *As You Like It*, the supreme efforts were made. The results were professionally artistic in manner, acting, and costuming and the club is quite gratified with the many favorable comments which are still very frequently heard.

The amateur talent of the club has been coached by Major Deming whose excellent training and personality supply a professional touch to the work. Mrs. Deming has given invaluable expert advice in decorating and arranging settings for the plays.

The three-act English comedy *Charley's Aunt* is the vehicle by which the club will bring mirth for the returning alumni during commencement week this year.

Debate

AFFIRMATIVE TEAM

McGuffey

Walter

Eibling

Solomon

The debate teams were coached this year by Professor W. E. Binkley, professor of Political Science in the Department of Liberal Arts. The teams developed rapidly under his coaching and much credit is due him. He worked with the debaters as one of them.

The question debated this year was, Resolved: "That the United States should become a member of the present League of Nations, constitutionality conceded. Although considered a dead issue by many people the League question proved very much alive when handled by our debate teams.

There is an increasing interest in debating at Northern which is quite remarkable. We hope that the work done this year will strengthen this interest.

Northern's affirmative debate team for this year, chosen by competitive try-out, consisted of the following men:

Henry McGuffey—Captain.

Elbert Eibling.

Zell Walter.

Dwight Solomon—Alternate.

These men were shrewd debaters and represented Northern well, being highly complimented wherever they made their appearance. This team participated in three contests.

Northern vs. Capitol at Marion.

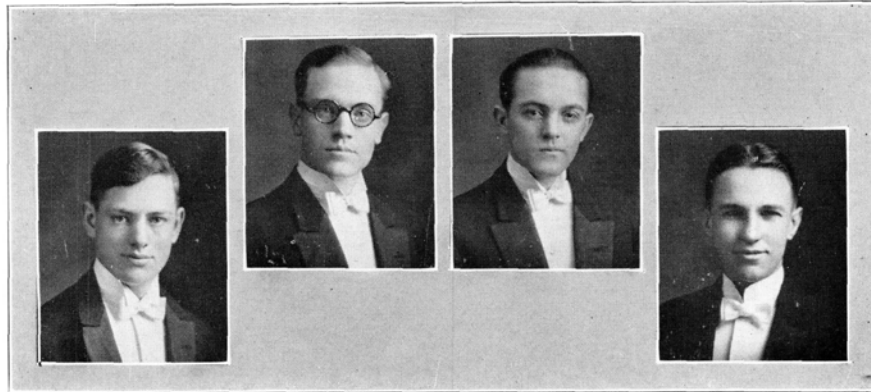

Northern vs. Bluffton at Bluffton.

Northern vs. Baldwin-Wallace at Ada, Open Forum.

The members of the team displayed marvelous ability in these contests. Henry McGuffey, the captain, was noted for his sound logic and smooth delivery. Elbert Eibling was fiery and oratorical. His constructive speaking always stood the test of opponents. Zell Walter was keen and foreful. In rebuttal, merciless. Dwight Solomon was an alternate quality. A typical Northern debater. The impression made upon those who have seen this team in action will live long after judges' decisions shall have been forgotten.

Debate

NEGATIVE TEAM

Codding Bailey Sharp Schultz

At the tryouts held at the end of the fall quarter the men chosen to represent Northern on the negative side of the inter-collegiate question were :

Donald Codding— Captain.
 Basil Bailey.
 Arthur Sharp.
 Carrol Shultz—Alternate.

'The combination proved a winning one, the team winning three out of four debates held during the season.

'The following are the contests held and the results.

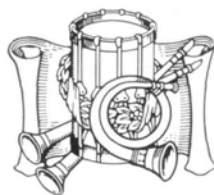

Northern vs. Defiance, at Lima, Ohio..	Won
Northern vs. Akron, at Bucyrus, Ohio.	Won
Northern vs. Heidelberg, at Ada, Ohio.	Won
Northern vs. Wittenberg, at Springfield, Ohio.	Lost

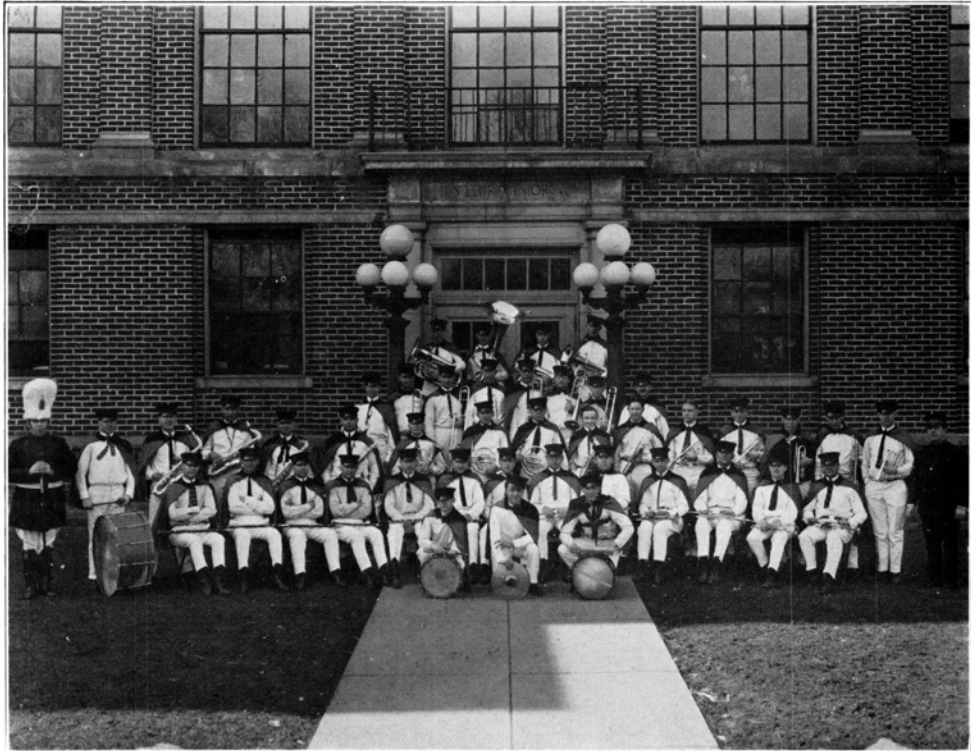

The team was one of the best that Ohio Northern has ever had in the field. Donald Codding, Captain of the team and President of the Debating Association, proved an able leader and a witty debater. Basil Bailey was possessed with a forceful delivery and met the opponents' arguments in fine style. Arthur Sharp was a fiery speaker and proved a credit and an asset to the team hard to estimate. Carrol Shultz was an alternate not to be ashamed of, too. All of the men worked hard and they deserve praise for the noble work they did.

FINIS

May Day

O. N. U. MARCH SONG

Dear Old Northern! 'Tis of thee we sing
 The fairest spot in all this land so free;
 Love and honor to thee we would bring,
 Our praise and loyalty are all for thee.
 Alma Mater! Thru the coming years,
 Thy sons and daughters we shall ever be
 Our hopes, our fears, our joys and e'en our tears
 Shall mingle with our memories of thee!

CHORUS

"O-H-I-O" is our cry—oh,
 Let us shout for O. N. U.!
 Never fear, our college, old and dear,
 Shall find us ever loyal and true blue.
 "O-H-I-O"—tho years fly—oh,
 We will be forever true;
 May we ever honor thee, and never
 Cease to love thy name, *our* O. N. U.!

Dear Old Northern! When at last we part,
 Oh, may thy blessings speed us on our way;
 May we ever strive with hand and heart
 In gratitude thy teachings to obey.
 Tho along our pathway there may be
 The trials and temptations of life's game—
 The thought of thee shall spur us on to be
 True sons and daughters worthy of thy name!

Each in His Own Tongue

A fire-mist and a planet,
 A crystal and a cell,
A jellyfish and a saurian,
 And caves where cave-men dwell;
Then a sense of law and beauty,
 And a face turned from the clod,—
Some call it Evolution,
 And others call it God.

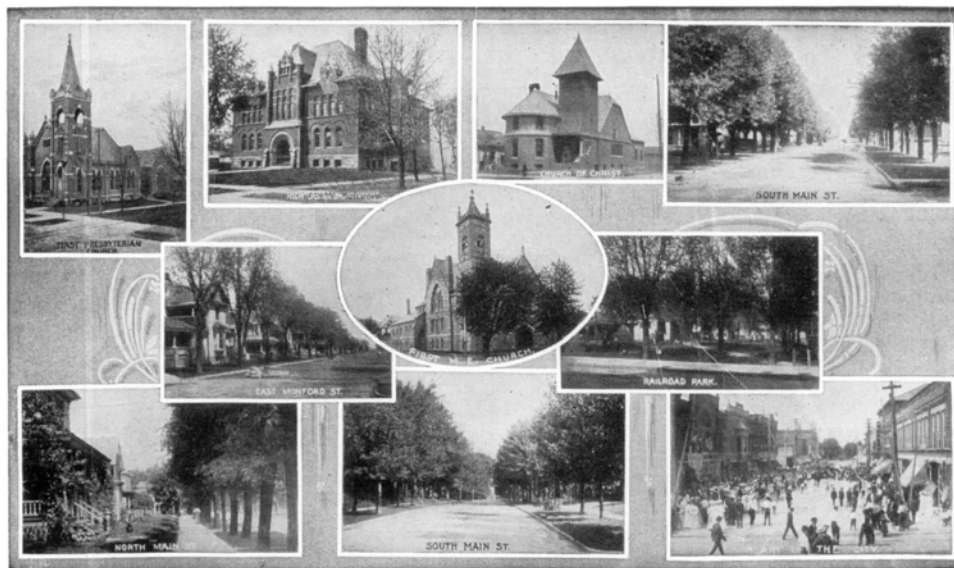

A haze on the far horizon,
 The infinite, tender sky,
The ripe, rich tint of the cornfield,
 And the wild geese sailing high,—
And all over upland and lowland
 The charm of the goldenrod,—
Some of us call it Autumn,
 And others call it God.

Like tides on a crescent sea-beach,
 When the moon is new and thin,
Into our hearts high yearnings
 Come welling and surging in,—
Come from the mystic ocean,
 Whose rim no foot has trod,—
Some of us call it Longing
 And others call it God.

A picket frozen on duty,—
 A mother starved for her brood,—
Socrates drinking the hemlock,
 And Jesus on the rood;
And millions who, humble and nameless,
 The straight, hard pathway plod,—
Some call it Consecration,
 And others call it God.

—William Herbert Carruth.

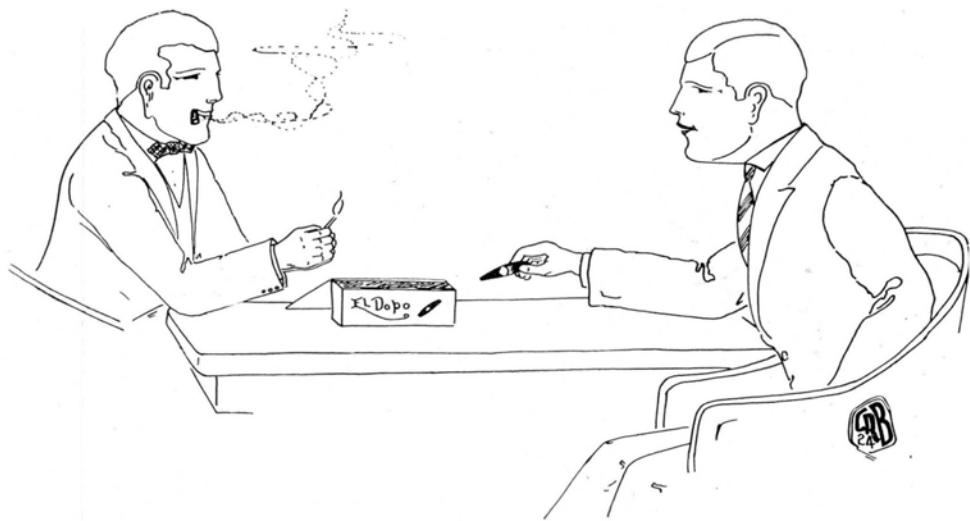

Twilight

Twilight—the time of evening
 When solitude's breath is so sweet,
 And the shadows of darkness are closing,
 Leaving only the night to greet.

The hilltops are tinged with roses,
 Reflecting on meadows green;
 And the tired mind of nature reposes
 In twilight's golden dream,

This Book is Bound in a Becktold Cover

The Advantages of Becktold Covers for Year Book and Business Use

WHEREVER a durable cover is needed for a book or catalog the Becktold Cover presents unusual advantages.

It affords a practically unlimited range of colors and color combinations and can always carry a design in keeping with the particular book. It is a cover of recent origin, entirely unique, and of exceptional durability.

Because it presents the desirable com-

bination of permanency, beauty, adaptability and economy, the Becktold Cover is fast becoming the accepted standard for covers of college annuals. For the same reason it is finding acceptance by the business world for catalogs and other books that are expected to serve for more than the moment.

We will be glad to supply sample covers and appropriate suggestions for adapting Becktold Covers to any book.

If you don't feel just right.
If you can't sleep at night.
If you moan and sigh.
If your throat is dry.
If you can't smoke or chew.
If your grub tastes like glue.
If your heart doesn't beat.
If you've got cold feet.
If your head's in a whirl.
For heaven's sake—marry the girl.

ACHIEVEMENT

The goal of every ambitious man and firm is typified in the rapid growth of the Jahn & Ollier Engraving Company—the universal esteem in which their art and plates are held by the large national advertisers—and the enviable reputation for prompt deliveries which they enjoy.

Delivering this same high quality and careful personal supervision to schools has built up for us the largest college and high school annual engraving business in America—400 books yearly.

Thirty thousand square feet of floor space (4 floors) and over two hundred and fifty skilled employees are required to meet the constant demand for "J&O" commercial photographs, art, color process plates and photo engraving (one complete floor is devoted to color process work).

Intelligent supervision of all work by many skillful office service men eliminates your troubles. Sales service men sent everywhere.

Now the fullback rushes gaily,
Through the dazed opposing team ;
And he gains his distance daily
As he dashes under steam;
But he shudders at the future
With his system all a wreck,
While the festive elder Pliny
Does a war dance on his neck.

Soon there comes a deadly quiet
To the campus, sad and drear,
No more rings the raucous riot
Of the dizzy college cheer;
But a brooding pall will hover
And the laurel turn to moss
Where the fullback tackles Virgil
And is thrown back for loss.

Rachel: "Is the editor of the Annual particular?"

Bernice: "I should say so! He raves if he finds a period upside down."

ON THE OLD ADA BUS IN THE WEE HOURS.

A MIDNIGHT RIDE

List ye all to this tale of woe,
Sung by them who to Lima go,
It's very easy to elaborate, a
And compare to things that are out of date,
All this is due to transmigration,
Of the Ada population,
Therefore read this proclamation,
Written on the transportation,
Of students hauled in mass formation,

Of all the rides since the birth of time,
Told in story or sung in rhyme,
There has been the ride of a pony in Greek,

THE ARGONNE AT LIMA

Offers Excellent Opportunities
for Dancing Parties or Banquets

The co-eds ride in a Ford with her sheik,
But of all the rides there is one above all,
Leaving Lima at twelve it carries them all.
The bus is a whizz, built like a ship,
Rig in your topsail or boys she will tip.
We all get a place and it sure is some sight,
All piled on each other awaiting midnight,
In steps the driver, collects all the fares,
Steps on the starter and boy how she rares.
The sound of that motor is music to hear,
It shatters your nerve and ruins your ear.
At last it is running, it shivers and shakes,
He turns on the spotlight, throws off the brakes,
Gives her the gas and starts out of town,
Lima we're leaving for Ada we're bound.
Straight out East Market, and over the tracks,
Every bump that we hit puts a kink in our backs,
Out past the fair grounds on to the pike,
Historically speaking this ride has no like,
Out under the, stars and the sky is clear,
We have it three times on Paul Revere.
Engine and tire trouble all the same,
And stand it we must, it's all in the game.
We all have our troubles and so does the bus,
And we help it to Ada with many a cuss.
We arrive in Ada, stiff and in pain,
And swear that next week we'll come home on the train.
But say what we will, we'll all be there,
To enjoy that ride in the moonlight air.

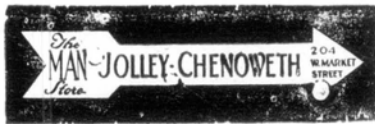

—A. R. Jones.

FAIR BUT FORMIDABLE

"Tis not a tale of stygian cave,
Nor witches seething pot,
Or even one of hopes forlorn,
And all that kind of rot!
It's just about a girl I know
With pretty eyes and features
Who; while looking for a maid,
I found among Those creatures.
I asked her then to dance with me.
'Twas on a gay pavilion,
And there were better men than I
At least a half a million.
Rut she avered, with look askance
That I might use a ticket
And so we plyed our merry way
Like rabbits thru a thicket.
But when we got out on the floor
Methinks I'm not so brainy
For as we shook fantastic toe
I saw she was a zany!
She walked around upon my feet
Till a jambeau I was craving,
So if you ever meet this dame
Your tickets you'll be saving!

When a plumber makes a mistake—he charges double for it.
When a lawyer makes a mistake—he gets the case to plead over.
When a judge makes a mistake—it becomes the law of the land.
When a preacher makes a mistake—nobody knows the difference.

Trying to Study

By Bill

Though the cold, wet dew is falling from the star-lit midnight sky, though the night-birds soft are calling and the moon has risen high. Thought the world about me slumbers, yet far me there's no repose, I must sit here juggling numbers, cramming English verse and prose. I must read the lore of nations, read of rulers small and great, I must dabble in equations which for me will not equate.

And though time is speeding, speeding, yet I cannot seek my bunk; I must sit and keep on reading to forestall each little flunk. So I sit and turn the pages of each ancient dusty time, cramming wisdom from the sages in my weak, aching dome. And my midnight oil is burning, giving forth a feeble glow, while I sit and study, learning all the things I ought to know.
